Planning Sheet: Bachelor of Music, Music Performance

Offers focused and in depth classical training designed to develop the skills and challenge the performing ability of the individual musician. This degree best prepares students who are interested in private and studio teaching, professional performance opportunities, auditions, and graduate school. Because this curriculum emphasizes depth and not breadth, students are advised not to combine the BM performance degree with another degree or major. **Acceptance to the program is by application and audition.**

Language Requirement: Augsburg College Liberal Arts Core

Augsburg's Core Curriculum requires two semesters of language study. Given the nature and cultural background of western European art music, *performance majors* are required to study German, French, or through ACTC course options, Italian. Other languages may be considered, but must be petitioned through Music Department student petition (form available in Music Department Student Handbook).

Notes:

- **Keystone:** Complete KEY 470 or a keystone through a different department.
- **Abbreviation Key:** ML = Modern Language; SC = Signature Curriculum; EM = Engaging Minneapolis; AE = Augsburg Experience; KC = Senior Keystone Course; NSM = Natural Science & Mathematics - no lab; NSM-L = Natural Science & Mathematics-with lab; SBS = Social & Behavioral Science; FA = Fine Arts; HUM = Humanities; QA = Quantitative Applications; QF = Quantitative Foundations; QFA = Quantitative Foundations & Applications.

Planning Sheet: GRADUATION SKILLS REQUIREMENTS

These requirements were implemented for Fall 2008. Please talk with your faculty advisor for information.

Graduation skills, including the Quantitative Reasoning requirements, are completed as follows. Graduation skills in Critical Thinking, Writing, Speaking, and Quantitative Reasoning are required for graduation. Critical Thinking is embedded in all majors. Plans for completion of other graduation skills are determined by the major department. Consult your department chair or faculty advisor to select appropriate courses to meet the Quantitative Reasoning (QR) graduation skill. QR is satisfied by completing one (1) Quantitative Foundational course (QF) and one (1) Quantitative Application course (QA), or one (1) combined QFA course. The most current information on Graduation Skills can be found online at www.augsburg.edu/catalog/ and clicking on "Graduation Skills Catalog Supplement 2008 – 2010" near the bottom of the page.

Transfer students must consult an advisor about potential adjustments to their course requirements to fulfill each graduation skill.
