Applicable Minnesota Standards of Effective Practice (MSEP):

- Standard 1 - Subject Matter: A teacher must understand the central concepts, tools of inquiry, and structures of the discipline taught and be able to create learning experiences that make these aspects of subject matter meaningful for students.
- Standard 2 - Student Learning: A teacher must understand how students learn and develop and must provide learning opportunities that support a student's intellectual, social, and personal development.
- Standard 3 - Diverse Learning: A teacher must understand how students differ in their approaches to learning and create instructional opportunities that are adapted to students with diverse backgrounds and exceptionalities.

- Standard 4 - Instructional Strategies: A teacher must understand and use a variety of instructional strategies to encourage student development of critical thinking, problem solving, and performance skills.
- Standard 5 - Learning Environment: A teacher must be able to use an understanding of individual and group motivation and behavior to create learning environments that encourage positive social interaction, active engagement in learning, and self-motivation.
- Standard 6 - Communication: A teacher must be able to use knowledge of effective verbal, nonverbal, and media communication techniques to foster active inquiry, collaboration, and supportive interaction in the classroom.
- Standard 7 - Planning and Instruction: A teacher must be able to use knowledge of effective verbal, nonverbal, and media communication techniques to foster active inquiry, collaboration, and supportive interaction in the classroom.
- Standard 8 - Assessment: A teacher must understand and be able to use formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social, and physical development of the student.
- Standard 9 - Reflection and Professional Development: A teacher must be a reflective practitioner who continually evaluates the effects of choices and action on others, including students, parents, and other professionals in the learning community, and who actively seeks out opportunities for professional growth.

Course Objectives: (aligned with MN Standards of Effective Practice)

Students will:

1. develop an understanding of historical perspectives, theories, research and national reports that relate to the field of reading.
2. demonstrate and exhibit an understanding of the reading process, the developmental stages of literacy, and the various methods of teaching reading.
3. demonstrate an understanding of the elements of comprehensive reading instruction, such as:
 - phonemic awareness**
-perceiving that spoken words are composed of sounds of speech
 - phonics**
-associating written letters with sounds, knowledge of letter-sound correspondences
 - fluency**
-reading a text accurately and quickly, with expression
 - vocabulary**
-focusing on high-frequency words, spelling patterns, and meaning elements in words
 - comprehension**
-scaffolding and nurturing deep understanding in content areas, fostering higher-order thinking
 - motivation**
-recognizing that all students can learn, supporting and expecting the highest levels of success
4. demonstrate an understanding of integrating reading/language arts instruction across the curriculum, utilizing small group and whole class instruction, where applicable.

5. demonstrate knowledge and ability to recognize, diagnose and correct reading difficulties.
6. demonstrate knowledge of formal and informal reading assessments, and the ability to utilize data when planning instruction and charting students' progress.
7. demonstrate knowledge of instructional strategies and the benefits of application in the field of reading.
8. develop a literacy framework to guide and organize a comprehensive reading program from the primary grades through the intermediate grades.
9. develop an understanding of the importance of the effect of the classroom-learning environment on students' achievement.

13. demonstrate use of technology to present information, broaden students' knowledge and enrich learning opportunities.
14. expand knowledge in providing training, communication and support for parent and community involvement in literacy programs.
15. develop ability to become critical, reflective readers, writers and practitioners, continuing to grow as life-long learners in the field of literacy.

Field Experience Requirement:

This course requires a 20-hour field experience in an elementary classroom setting during literacy instruction time.

Required Materials:

- Resource File
- Reutzel, D. R. & Cooter, R. B., Jr., (2007). Strategies for Reading Assessment and Instruction, Helping Every Child Succeed. Upper Saddle River, NJ: Merrill Prentice Hall
- Tompkins, Gail E. (2009). 50 Literacy Strategies: Step by Step. (3rd Edition) Upper Saddle River, NJ: Merrill Prentice Hall

Policies:

- **Attendance: Attendance is required.** Only emergency absences will be excused. The state of Minnesota licensing rules regarding teacher certification requires students to develop professional level knowledge, skills and attitudes. For this reason, and the fact that most classes cannot be made-up, it is strongly recommended you attend all class meetings. Class attendance also qualifies you for class participation points, so it has a direct bearing on your grade for this course. Students should call and leave a message on my voice mail in the event of an emergency with a number where they can be reached in such cases. If you must miss a class period, you must develop an alternative that covers the subject matter of that particular class and submit it no more than two weeks after the day you missed.
- **Late Work:** The decision to award full or partial credit is at the instructor's discretion.
- **Honesty Policy:** The Augsburg College policy on academic honesty applies to this course.
- **Student Rights and Responsibilities:** Students with diagnosed learning disabilities or physical handicaps have legal rights to course modifications. Please identify yourself so I may assist you with your learning. All students are encouraged to use the College Counseling and Student Development staff services as needed as well as the Writing Lab.

Assignments:

Students must read the assigned chapters in the texts before coming to class. Students are responsible for materials covered in class presentations, class discussions, videotapes, overheads, and additional readings.

Technology Expectations:

- Read and answer e-mail regularly and in a timely fashion using your Augsburg College e-mail address.
- When required, attach documents to e-mail.
- Make active use of online course resource (e.g. Moodle).
- Access and use online file space (e.g. AugNet/Netware space).
- Use word processing for assignments. We require that they be done in Microsoft Word and that they are run through Spell Check.
- Have the ability to access and navigate the Internet.

Students who do not possess these skills should contact personnel in the student computing lab for help in developing these skills. Students will receive training in Augsburg specific software such as Blackboard and AugNet in college orientation programs and/or in beginning coursework. Augsburg computer labs all have Microsoft Word for those students who do not have access to this software elsewhere.
