The Center for Global Education and Experience (CGEE) is committed to providing a diverse set of educational experiences for Auggies in the USA and throughout the world.

**AUGSBURG CAMPUSES ABROAD**

Our own study centers in Central America, Mexico, and Southern Africa offer Augsburg signature courses, such as keystones and general education requirements, in a hands-on style with one-on-one attention. Programs are often less expensive than being enrolled in Minneapolis and living on campus!

**EXCHANGE PROGRAMS**

We have exchange relationships with universities in Asia, Europe, and the Middle East that offer courses in many fields of study. Take your courses in English and experience college in another country!

**SHORT-TERM**

Take an on-campus course with an Augsburg professor that includes a 2-3 week travel component! Programs change from year to year, are offered in various locations around the world, and often satisfy general education requirements and major/minor requirements.

**GLOBAL AFFILIATE**

Global Affiliate programs offer transfer credit for 300 options in 90+ countries, providing locations, program types, course options, and majors that our own campuses and exchanges don’t offer.

**HIGHER EDUCATION CONSORTIUM FOR URBAN AFFAIRS (HECUA)**

This consortium of colleges offers programs in the U.S. and around the world dedicated to education for social justice. Programs provide integrated internships so that students learn by engaging in the local community while addressing the most pressing issues in our neighborhoods, nations, and our world.

**STUDY AWAY IN THE USA**

Domestic programs provide students with dynamic and global learning opportunities where the city is your classroom all without leaving the U.S. Options include courses and for-credit internships in Washington, D.C., the Twin Cities, and across the country.

Augsburg College campuses abroad also offer diversity and need-based scholarships; global affiliate programs have similar scholarship opportunities. External scholarships are also worth considering. Talk to us about the Benjamin A. Gilman International Scholarship Program and the Fund for Education Abroad Award.
If you thrive in a more traditional academic setting and want to experience university life in another country, our exchange programs are a great fit. We partner with universities in China, Finland, Germany, Greece, Hong Kong, Japan, Lebanon, and Norway to provide semester and academic year study opportunities. Courses are taught in English and cover all majors, but you can still study the host country language! Space is limited, so we recommend you apply early.

Exchange programs provide a $1,000 automatic scholarship on top of your financial aid award.

HECUA

If you like learning by engaging in community, HECUA programs are an excellent choice! HECUA is dedicated to education for social justice and offers programs that address the most pressing issues in our neighborhoods, nations, and our world. These programs are recognized for excellence in integrating internships into their program structure.

On top of your financial aid award, consider applying for HECUA's scholarships. Of note are the Racial Justice Scholarship and the Dare to DREAM scholarship for USA semester programs.
