**Augsburg in the Summer**

Augsburg College provides a diverse summer curriculum including regular courses, internships and independent studies. Term I runs from May 26 - June 19, Term II runs from June 22 - July 31. This brochure presents the Summer School Program and was correct at the time of publication.
Summer students may take one course during Term I and two courses during Term II. Unless otherwise indicated, all courses carry a value of one course credit, the equivalent of four semester credits or six quarter credits. Courses fulfilling Augsburg distribution and perspective requirements are so noted in the course descriptions.

Course levels are indicated by the first digit of the three digit course number: 1 or 2, lower division, primarily for freshmen and sophomores; 3 or 4, upper division, primarily for juniors and seniors; and 5, graduate level.

Courses regularly taught during the academic year are more fully described in the Augsburg College Catalog. If you need more information about a special summer offering, please contact the Summer School Office.

Independent study and internships, in addition to those listed, may be pursued during the summer in a number of departments. Internships involve work experience related to the academic program in an agency, government or industry. Consult the Summer School Office for information.

Students who need housing may obtain information from the Director of Residence Life.

TOPICS: THE HEROIC JOURNEY
Griffin
This course will study archetypal patterns of the heroic journey, as well as specific examples of such journeys. It will emphasize the ideas of Joseph Campbell, but will also consider other interpretations of heroic journeys. Since Western civilization usually assumes that the hero is a man, usually a white man belonging to a warrior class, we will analyze the heroic warrior myth both as it is depicted in ancient and medieval epics and myths, but also as it appears in contemporary American popular narratives. But the heroic journey is a human journey, and thus the course will also emphasize the heroic journeys of women and men who may be neither white nor warriors as they are depicted in folktales and novels.
