Transfer Credit Evaluation Policies

The evaluation of transfer credits is completed by the Registrar's Office and is based on a student's official transcript(s). Credit is granted for college-level coursework completed at regionally accredited institutions with a grade of C- or better. Credit from non-regionally accredited institutions may be approved if there is a transfer agreement in place, or by petition.

Courses that may be developmental, professional or occupational in nature are evaluated on a course-by-course basis in collaboration with faculty from corresponding or similar departments. Augsburg does not grant transfer credit for continuing education units (CEUs). Competency credits and exam credits issued by another institution will be evaluated on an individual basis.

The Registrar's Office evaluates coursework for credit and for applicability toward Augsburg's Core Curriculum requirements. Academic departments are responsible for evaluating the applicability of coursework toward a student's major or minor. The University requires that certain courses and a minimum number of credits be taken at Augsburg. (Refer to the *Graduation* section of the catalog.)

Courses and credits that are accepted in transfer are reported on the student's transcript. Grades and grade points from other institutions are not transferred to Augsburg and are not included in the student's cumulative grade point average.

Additional resources about transferring credit are available on the Registrar's Office website at www.augsburg.edu/registrar

Credit and Residency Requirements

All students are required to complete at least 128 semester credits to reach the graduation minimum. Residency policy requires that students earn at least 32 credits at Augsburg University (with at least 24 of the last 32 credits earned at Augsburg).

Minnesota Transfer Curriculum

Completion of the Minnesota Transfer Curriculum (MnTC) will satisfy Augsburg's Liberal Arts Foundation requirements and will reduce the Search for Meaning requirement to one course (RLN 100).

Associate of Arts Degree

Completion of an Associate of Arts (A.A.) degree from a regionally accredited institution will satisfy Augsburg's Liberal Arts Foundation requirements, reduce the Search for Meaning requirement to one course (RLN 100), and will waive one of two Health and Wellness requirements. Note: Additional prerequisite coursework beyond the AA degree may be required in some Augsburg majors. Students are advised to consult an academic advisor in the major department to discuss major requirements.
