# TRIO

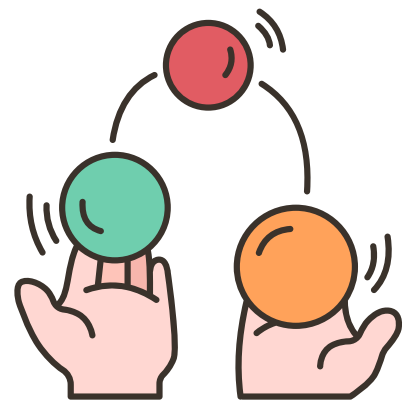

**What attracted you to the TRIO/SSS Program Assistant position?**

After being in the healthcare industry for the last few years, I found myself craving a more structured and predictable working environment. I also enjoyed my time here at Augsburg and have many great mentors and connections and having the opportunity to work with these people was very exciting!

**What are some things you are looking forward to in this position?**

I am looking forward to really diving into the ins and outs of Augsburg's TRIO/SSS program. Having been a student of TRIO in the past I am eager to get a glimpse behind the scenes. Lastly, I am looking forward to supporting this wonderful team of advisors in any way I can! I love being part of a team.

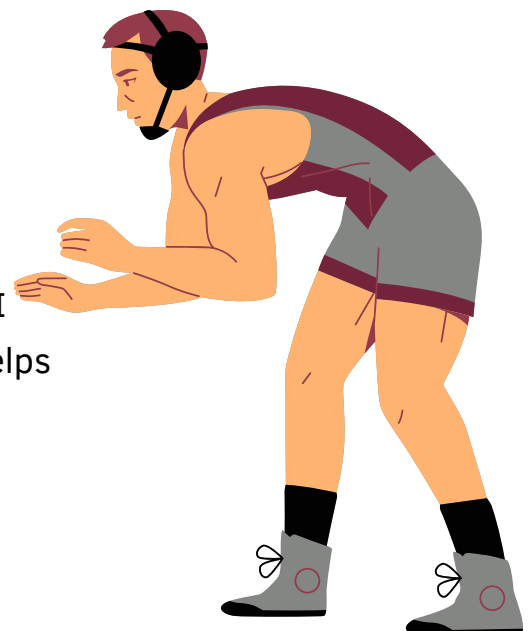

**What do you enjoy doing in your free time?**

I very much enjoy my free time! I love to cook, play games with friends and also play online video games. Right now most of my free time is spent with the wrestling team I coach in St. Paul.

Mentorship and coaching is a deep passion of mine.

**What is something interesting about you?**

I am super coordinated. Juggling, hacky sack, slackline, skateboarding... you name it. I was a wrestler for 15 years so I have great balance and a good sense of my own body which helps a lot!
