

Augsburg College Public Safety- Transportation & Parking Information

Please use the information below to plan for your transportation and parking.

Parking permits are limited. To help free up parking space and encourage environmental awareness, we invite you to please consider the following options as an alternative to bringing a car to campus. If you have any questions, please check out our website at augsborg.edu/dps/parking, and feel free to call us at 612-330-1717 (staffed 24/7) or email parking@augsborg.edu.

Car Sharing

www.hourcar.org

www.car2go.com/en/minneapolis/

There are several car sharing programs available and convenient to the entire Twin Cities Metro area. There is an HourCar parked on-campus, in its own space, which can be reserved by the hour or by the day. For one-way trips, car2go is integrated into Minneapolis City Parking, so you find one using their website or app, pick it up, and then leave it parked at your destination in street parking or car2go designated spots. Both programs are easy to sign up for online, and have a variety of payment options, usually requiring a small annual fee plus a charge-by-the-mile system for travel.

Carpooling

Carpool permits are available to groups of 2 or more faculty and staff, or commuter students, who commit to bringing only one car to campus at a time. Faculty/staff in the carpool group share the cost of one permit and will receive a reserved parking space for their carpool group in Lot G, behind the CCHP house. E-mail parking@augsborg.edu if you believe you have a group interested in carpooling to campus.

Biking in the Twin Cities

Biking in the city is a great way to get where you need to go. If you don't own a bike, you can check out Augsburg's free bike share program as well as the Twin Cities Nice Ride bike share program, which has a station on Augsburg campus. Visit the City of Minneapolis web pages to view a Hennepin County Trail Map.
