Proximal with Medica

Supplemental benefits for covered events, paid to you

Extra guidance and supplemental benefits up to $1,500

When you face a serious hospitalization or illness — like a cancer diagnosis or inpatient surgery — you want a highly ranked provider who is experienced. A supplemental benefit called Proximal is available alongside your Medica health plan, which gives you the opportunity to choose top in-network providers for covered events and claim a supplemental benefit up to $1,500, paid directly to you.

Covered hospitalizations & illnesses include:

- Cancer
- Severe autoimmune disease
- In-patient hospitalization for medical, surgical, or behavioral
- Same-day hospitalization for 800+ events, including knee replacement, cochlear implant, and pacemaker insertion

Proximal aggregates dozens of publicly available rankings and distills the research into a short list of highly ranked providers.

Proximal is a separate group fixed indemnity policy underwritten by Benchmark Insurance Company and does not replace the Medica medical plan. Medica, Proximal, and Benchmark Insurance Company do not provide employee benefits or tax advice. Please consult your own advisors if you have questions in that regard. The benefit can be claimed once per calendar year for cancer and severe auto-immune disease and once per confinement for hospitalization.
