

This listing was effective through Spring Term 2008. Students who have not fulfilled a skill area with an approved course prior to Fall 2008 should meet with a faculty adviser and create an alternative plan to complete the requirement.

AUGSBURG COLLEGE

Graduation-level Skills Courses

Last Updated January 10, 2008

These courses are approved by Augsburg's Academic Affairs Committee for Graduation-level Skill requirements. A term and year listed after the course title (e.g., "Fall 2007") indicates the effective term for the Foundation designation. Courses without an effective term have been approved since the beginning of the skill area requirements. A course taken before the approval date in bold print will not satisfy the skill requirement. A single course may simultaneously satisfy a major requirement, a liberal arts perspective and a graduation level skills requirement. Please consult the Augsburg College catalog for prerequisite information. A grade of at least 2.0 is required for all graduation skill courses.

CRITICAL THINKING (CT) - All courses require satisfactory completion of entry critical thinking assessment or GST 100.
