Planning Sheet: GRADUATION SKILLS REQUIREMENTS

These requirements were implemented for Fall 2008. Please talk with your faculty advisor for information.

Graduation skills, including the Quantitative Reasoning requirements, are completed as follows. Graduation skills in Critical Thinking, Writing, Speaking, and Quantitative Reasoning are required for graduation. Critical Thinking is embedded in all majors. Plans for completion of other graduation skills are determined by the major department. Consult your department chair or faculty advisor to select appropriate courses to meet the Quantitative Reasoning (QR) graduation skill. QR is satisfied by completing one (1) Quantitative Foundational course (QF) and one (1) Quantitative Application course (QA), or one (1) combined QFA course. The most current information on Graduation Skills can be found in the Augsburg College catalog at www.augsburg.edu/catalog/.

Transfer students must consult an advisor about potential adjustments to their course requirements to fulfill each graduation skill.

| Designated Major Course | GRADUATION SKILLS – Environmental Studies/HECUA | | Completed |

Sample Four-Year Plan (B.A.)

This is a possible plan for the Bachelor of Arts in Environmental Studies/HECUA track, though there are many configurations of courses. Students should limit lab courses to two per term. Students may want to consider an additional major or minor in fields such as biology, political science, women's studies, or history.

What can I do with an Environmental Studies major?

Environmental Studies pursues a multifaceted examination – across the natural sciences, social sciences, humanities, and professional studies – of the interdependence shared by people and nature. Graduates of the program may pursue vocations in non-profit organizations, government policy and planning positions, law, education, ministry, and corporate settings, some of which may require graduate school. Some positions include:

| | |
|----------------------------------|--------------------------|
| Environmental Lawyer | Researcher |
| Writer | Park Ranger |
| Lobbyist | Naturalist |
| Ecologist | Fundraiser |
| Alternative Energy Specialist | Parks Planner |
| Organic Food Grower | Water Quality Specialist |
| Environmental Compliance Officer | Soil Scientist |
| EPA Inspector | Teacher |
| Professor | Public Health Inspector |

For more information on possible careers in environmental studies, please talk with your faculty advisor, and also the Center for Service, Work and Learning.
