

## Chemistry minor

2025-2026 catalog

Student Name: \_\_\_\_\_ ID Number: \_\_\_\_\_

### Minor Requirements

| Term Completed/Planned | Grade | Credit | Course #         | Title                             |
|------------------------|-------|--------|------------------|-----------------------------------|
| _____                  | _____ | 5      | CHM115 and 115L: | General Chemistry I               |
| _____                  | _____ | 5      | CHM116 and 116L: | General Chemistry II              |
| _____                  | _____ | 5      | CHM280 and 280L: | Quantitative Analytical Chemistry |

Complete **two (2)** Chemistry electives numbered above 200, chosen from:

|       |       |   |                  |                                        |
|-------|-------|---|------------------|----------------------------------------|
| _____ | _____ | 5 | CHM251 and 251L: | Organic Chemistry I                    |
| _____ | _____ | 5 | CHM252 and 252L: | Organic Chemistry II                   |
| _____ | _____ | 4 | CHM362           | Physical Chemistry: Macroscopic Theory |
| _____ | _____ | 4 | CHM368           | Physical Chemistry: Microscopic Theory |
| _____ | _____ | 5 | CHM369 and 369L: | Biochemistry                           |
| _____ | _____ | 4 | CHM370           | Biochemistry II                        |
| _____ | _____ | 4 | CHM464           | Advanced Organic Chemistry             |
| _____ | _____ | 4 | CHM481           | Instrumental Analysis                  |
| _____ | _____ | 4 | CHM482           | Advanced Inorganic Chemistry           |
| _____ | _____ | 4 | CHM495           | Topics                                 |
| _____ | _____ | 4 | CHM499           | Independent Study/Research             |
