Completed Associate Degree in Nursing		→	Credit Grant for Associate Degree in Nursing: 24
			Estimated Transfer Credit Total: 57

Advising Information

It is recommended that most liberal arts courses be taken before starting the nursing major at Augsburg. Augsburg strongly encourages students to complete Riverland coursework that fulfills the Entry-level Mathematics Skill requirement, at least one Lifetime Fitness requirement, and at least one Fine Arts requirement. Students should consult Augsburg's *Transfer Guide*.

Students who are interested in pursuing an advanced degree in nursing (Master, DNP) should considering taking a course in descriptive/inferential statistics (not currently available at Riverland).

Keep in mind:

- Students may transfer up to 64 semester credits (16 course credits) of liberal arts coursework from two-year institutions.
- Students will receive a block grant of 24 semester credits (6 course credits) for their nursing courses upon completion of the associate degree in nursing.
- Any course with a grade below C will not be accepted in transfer.
- The general transfer guide can be found here <http://www.augsburg.edu/registrar/transfer.html>
- No individual nursing courses at Riverland can substitute for courses in the nursing major at Augsburg.
- A cumulative GPA of 2.5 or higher in the nursing program is required for admittance to Augsburg's nursing major.
