Interviewing

- How many agencies should you interview at?
 - We recommend planning to **schedule 4+ interviews.**
- Some things to keep in mind:
 - Dress professionally (even if the interview is on Zoom)
 - Spell check/proofread your written materials
 - Come prepared with questions for the interviewer (**see the MSW Resource Board for a list of suggested questions to ask during an internship interview**)
 - If you decide to not attend an interview, call and cancel.

Field & COVID-19

- During interview process, find out what the agency's expectations are for the internship, in terms of vaccination and masking requirements.
-
- *If you have any concerns regarding COVID policies or protocols, communicate promptly with your field seminar faculty member and field instructor

Placement Choice Forms

- You will receive a link from Lydia to a GOOGLE FORM
- You will be able to list up to 8 choices (rank them from your top choice to your last choice); you can also specify if there are any agencies you will not intern at.
 - **Only list agencies that you have interviewed at**
 - **Only list agencies that you would be willing to be placed at**
- You must submit the Choice Form by **May 9th at 5 pm** or you will not be able to participate in Round 1 field matching.

Placement Notifications

- Emails notifying students and agencies of matches will be sent out on **May 19th**.
- Emails will only be sent to your augsburg.edu accounts
- Emails will contain notification of the match and lots of other information about next steps. Please read these emails carefully.

What if I did not match with an agency in Round 1?

Don't worry there is still Round 2

- **Don't panic!** This happens to a small percentage of students at all 4 schools - often some of the most talented students.
- **Feedback:** If there were interviewing problems shared by prospective field instructors, those concerns will be shared with you.
- **May 26th:** You will be emailed a list of available placements and can begin contacting them and setting up interviews (we may discuss which might be a good fit for you).
- **Less formal process:** begins in late May
 - you contact prospective field instructor, interview, and discuss potential match.

What if I want a placement that is *not* in IPT?

- Contact Dr. Sugrue via e-mail with the name of the agency, a contact person (if you have a name), and an email address for the contact person.
- Dr. Sugrue will contact the agency to see if they meet Augsburg and CSWE accreditation guidelines and if they are interested in hosting an Augsburg email.
- Please allow the field staff to do this exploration, i.e. **do not contact them yourself!**

Disability Accommodations in Field Placements

“If you are a person who has ADHD, a mental health disability, a learning disability, a physical/sensory impairment, a chronic health condition, are on the autism spectrum, or have another disability, you can consult with the CLASS Office to explore reasonable accommodations and support for your field placement experience. To schedule a meeting, email the CLASS Office at class@augsborg.edu or visit <https://go.oncehub.com/KathyMcGillivray>”

Dual Relationships

- *Social workers who function as educators or field instructors for students should not engage in any dual or multiple relationships with students in which there is a risk of exploitation or potential harm to the student. Social work educators and field instructors are responsible for setting clear, appropriate, and culturally sensitive boundaries (Standard 3.02(d), NASW Code of Ethics).*
- The student and field instructor have the duty to disclose the existing relationship and its nature to the MSW Field Director.

Remember...

- The goal is to have a placement by **the end of May**.
- If you decide to not attend an interview, call and cancel.
- You must get the placement. We just facilitate the placement process.
- **If you have not secured a placement by JULY 31st 2023, you will not be able to participate in a field placement during the 2023-2024 academic year and will have to delay your field placement until the 2024-2025 academic year.**
