- A. Field placement days and hours
- B. Beginning date of placement
- C. Estimated ending date

I. Objectives for Field Practicum

*(To be developed by the individual student within each of the following areas)
Use the following to guide the development of tasks to meet the objective:*

Objective 1: [Develop an objective related to social justice]

What do you need to learn about the agency, its mission, its community, the population served, the history, political base, demographics, etc. that allows you to identify and analyze social justice issues?

Objective 2: [Develop an objective related to knowledge of the agency and community]

What do you need to learn and understand in regards to the agency's structure, programs, mission, laws and regulations, etc.? In what way will you learn this information? How does the community and agency's missions intersect or conflict? What are the resources?

Objective 3: [Develop an objective related to assessment skills]

Identify tasks related to honing your assessment skills. Must be able to demonstrate advanced practice skills in assessment. This should include development in writing assessments as well.

Objective 4: [Develop an objective related to direct practice interventions]

Identify skills and tasks related to advanced family practice. Must be able to identify a theoretical framework and demonstrate corresponding practice methods that are considered standard practice with the population served. This should be specific, skill-based and include writing skills. What practice skills have you begun to master and what skills do you need to develop? This objective must include direct practice evaluation components. In what way are you actively measuring your skill as a practitioner? The theories and skills must demonstrate sensitivity to the issues of race, gender, age, sexual orientation, religion/spirituality, ableness.

Objective 5: [An objective related to personal and professional growth in the social work profession]

Identify growth areas and those areas that are strengths related to self as a practitioner. This should encompass not only practice skills but the awareness of personal biases.

Objective 6: [Develop an objective related to colleagues]

Developing working relationships with colleagues and other professionals in the field agency. What skills will you develop and what tasks will assist specific to teaming?

Objective 7: [Related to field instruction]

How you will use supervision to develop and understand your role and skills as a social worker?
