**Not sure what to major in?** Can't narrow down your interests? We are here to help! We have career assessments that will help guide your decision making around majors, interests, and strengths. Call 612-330-1148, or email [lender@augsborg.edu](mailto:lender@augsborg.edu) for more information.

## Internship Highlights

The [Center for Service, Work, & Learning web site](#) has many, many links to various sites where students can locate internships. Combining one or more internship learning experiences with your Augsburg education will serve you well. You will be able to apply your knowledge and skills, test out your course theories and discover what you want to do; or, equally as important, what you don't want to do as a potential career path.

Most employers now say that related work experience is one of the key things they look for when hiring new graduates and graduate schools often look for internship and work experience as well.
