[Aug Post](#) - Take a moment to log onto AugPost and explore our site. You will find information on events, workshops, and job fairs. In addition, you are able to search for part-time and full-time positions, internships, and volunteer opportunities. New items are added daily.

[Landit](#) - Another web site where you will find hundreds of full-time career and part-time internships.

Internship Resources

Setting up Your Academic Credit

In most academic departments, students can register for either lower division or upper division credit for internships. Typically, upper division internships are closely connected to students' majors and are done in the Junior or Senior year. However, some students do an internship for an academic connected career exploration experience in their freshman or sophomore year. This type of internship usually receives lower division credit. Students can receive 1 course credit or .5 credit for an internship. An internship credit is included in the student's overall course count. Non-major, interdisciplinary Internships are also available. Contact [Lois Olson](#) in the Center for Service, Work, & Learning to learn more!

Career Resources

[What Can I Do With A Major In:](#) Finally, a convenient website that helps you connect majors with careers. On this site you for each major that interests you, choose "either the PDF or HTML version" to find an outline of common career areas, typical employers, and strategies designed to maximize career opportunities. Choose "Links" to find a list of websites that provide information about listed majors and related careers.

Keep in mind that the information sheets and websites are representative of typical career paths associated with each major and not a comprehensive list. You may want to explore information and websites from multiple majors to help you learn about a wide range of career opportunities.
