Career Highlights/Articles

[Hiring Tricks That Job Seekers Must Know](#) In this highly competitive job market, employers and recruiters are using unconventional techniques to screen candidates. It's not enough to just be prepared for the interview, job seekers need to be prepared to be judged even when it's not clear they're being judged. In this article you will find some interesting secret tricks that real recruiters and hiring managers use to weed out candidates.

[Helping Your Students Land Federal Government Jobs](#) With nearly one-third of all federal employees (nearly 1.9 million employees) eligible to retire in the next four years and new federal jobs being created as a result of the American Recovery and Reinvestment Act, the federal government is currently looking to hire a significant number of people. How can you help your students learn about and apply for these positions? You can do so by making your students aware of opportunities and benefits, helping them to understand the application and hiring process, and facilitating opportunities for and encouraging them to build relationships with federal agencies, just as they would build ongoing relationships with other potential employers.

Internship Highlights
