

AUGGIE CAREERS E-NEWSLETTER

Internship Highlights

The **Center for Service, Work, & Learning web site** has many, many links to various sites where students can locate internships. Combining one or more internship learning experiences with your Augsburg education will serve you well. You will be able to apply your knowledge and skills, test out your course theories and discover what you want to do; or, equally as important, what you don't want to do as a potential career path.

Many past interns have commented that you become more aware of what you know, don't know and need to know when back in the classroom. In addition, most students realize that an:

EDUCATION + WORK EXPERIENCE = A COMPETITIVE EDGE

Most employers now say that related work experience is one of the key things they look for when hiring new graduates and graduate schools often look for internship and work experience as well.

Off-campus upper division internships done for credit or not for credit transcript notations will also fulfill the Augsburg Experience graduation requirement.

Please contact [Lois Olson](#) in the Center for Service, Work, and Learning for more information and assistance.
