MANY STUDENT INTERNSHIPS WERE
RESCINDED DUE TO COVID-19.

Employers agree that these internships should be included on a student's résumé.

National Association of Colleges and Employers, April 2020

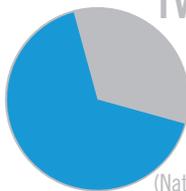

"I'm unsure about my summer employment since that may be cut back more now due to my parents being laid off and not being able to afford child care, as well as the impact of how social distancing can affect students in a variety of ways."

"My internship for this summer was shortened due to COVID-19, and my spring internship was canceled at the start of the pandemic. I am able to work at Augsburg's library but my original plans are no longer a thing."

"I am holding my own with my situation. I'm just hoping that my internship becomes a full-time role so I don't have to keep looking after graduation."
