

# SUMMER OPPORTUNITY EXPOSE

Thursday, November 7, 2013  
4:30 - 7:00 p.m.  
The Beacon Room  
UMN Recreation and Wellness Center

Dinner will be provided, courtesy of *Brasa*

Join representatives of research programs and industry at the first Summer Opportunities Expose. This social event will highlight career development opportunities and the importance of a diverse science, technology, engineering, and mathematics (STEM) workforce. Students will have the opportunity to: explore research & internship opportunities, receive personalized feedback on resume, learn how to interact with faculty and internship mentors, and network with hiring businesses.

This collaborative event is hosted by:
